Dear Michelle:

Thank you so much for the wonderful session you presented to our Legal Professionals. I have received extremely positive feedback from our attendees and wanted you to know that they were moved and empowered by your words.

Our group works in a highly stressful environment and really needed an inspirational boost. You clearly knew what we were looking for because "The Power of Personal Leadership for the Legal Professional; Take Charge for Yourself, Your Career & Your Life" was right on the mark – the perfect blend of insights and practical tools that can be used everyday in both our personal and professional lives. Our attendees were delighted with your high energy delivery style; and your use of humour and inspirational anecdotes really make the message stick.

Thanks again for a terrific job Michelle!!

Yours truly,

Catherine Gutosky
Legal Administrative Coordinator
